Salvatore Cerami, President  
Cerami Construction Co. Limited  
908 W. Lake Street  
Melrose Park, Il. 60160

Dear Salvatore:

In recognition of "Excellence in Performance" Westlake Community Hospital is pleased to present the attached check to Cerami Construction Company Limited. Your firms ability to expedite the construction of the foundation of our Professional Office Building has given us the opportunity to build three (3) additional levels onto the building without adversely affecting the occupancy date for the tenants who have already made commitments.

Additionally, please pass along my thanks to Stan, Pat and the rest of your staff for this excellent performance.

Sincerely,

Richard J. Lavacchi  
Director, Facility Services
